

Micro-SM Micro LED Profile

Description

Introducing the MICRO-SM mounting profile system. The MICRO-SM is specifically designed for the Domus range of PLEX-MICRO LED strip lighting. This aluminium surface mounted profile system incorporates extruded profile complete with a flat opal PMMA diffuser. Available in Black, White and Aluminium colour options. Can be cut to any length up to 3 metres.

The key features of the MICRO-SM is the ability to not only conceal the LED strip lighting but also keep the strip lighting linear. Also, the MICRO-SM keeps LEDs free from foreign objects and vapours which may damage the LEDs. A simple and shallow yet very contemporary LED recessed mounted profile ideally suited to under bench mounting, wardrobes or laundry applications where minimal and micro width mounting requirements are needed.
