

Pleo 9.6-M-S

Side View Neon Flex LED Strip

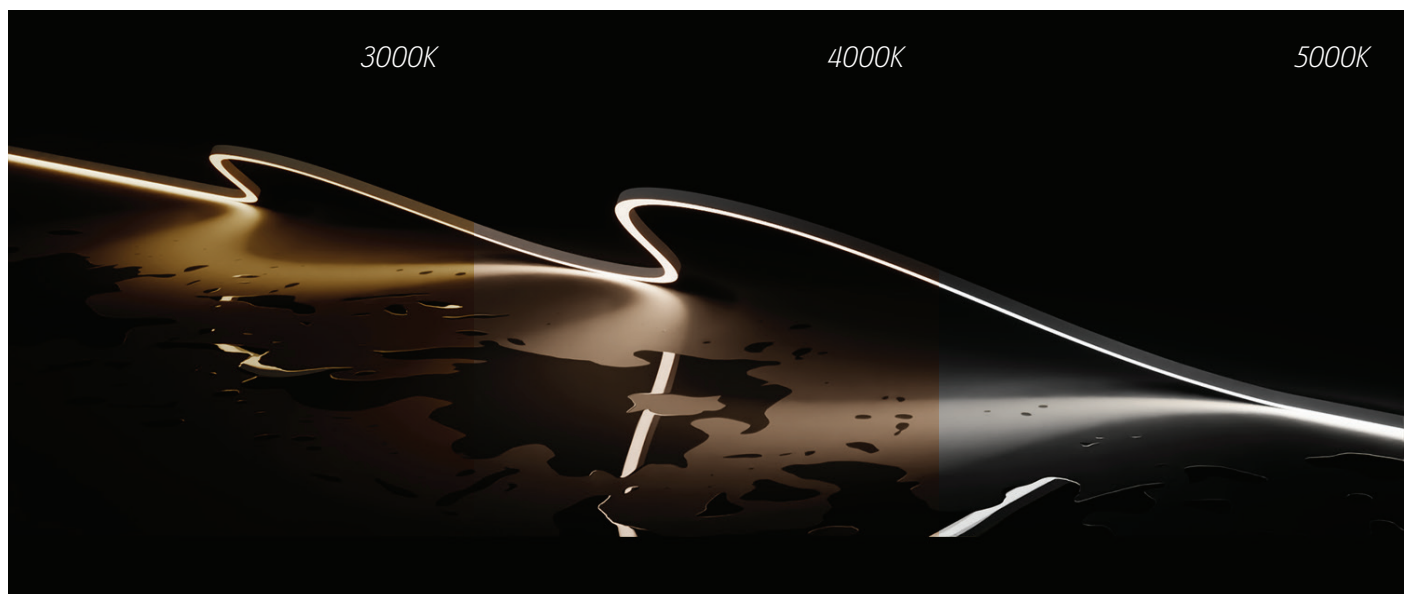

Description

The PLEO-9.6 series is a micro LED neon flex available in a side view format, making it ideal for vertical illumination applications. Encased in a safe, low-voltage polyurethane enclosure, it also comes complete with mounting clips for fast and easy installation.

This series supports a continuous run of up to 5 metres from a single driver feed at one end, or up to 10 metres when powered from both ends. Available in three colour temperatures, all with a high CRI90 for excellent colour rendering, the PLEO-9.6 delivers vibrant, accurate lighting.

With a high weatherproof rating, this versatile solution from Domus Lighting is suitable for a wide range of indoor and outdoor environments. Whether highlighting ceiling and floor coves, windows, walls, signage, or more, the PLEO-9.6 series offers flexible, high-quality lighting for creative and architectural applications.

Specification Features

Input Voltage:	24V
Power (W):	9.6W
IP rating (IP):	IP67
LED type:	SMD
CCT:	3000K, 4000K & 5000K
LEDs per Metre:	140
Cutting Length:	50mm
lm/W:	25lm
Continuous Run:	5m Max (One end driver feed) 10m Max (Two end driver feed)
Beam angle (°):	115°
Dimmable:	Yes

Item No.	Variant		
	3000K	4000K	5000K
PLEO-9.6-M-S	20371	20372	20373
