### 6 in 1 Premium Bathroom Heater

#### Description

The STREAM 6-In-1 Premium Bathroom Heater offers a unique covert oscillating sway design, as well as the latest technology in PTC bathroom heater models. Premium range offers 6-In-1 Functions – Heater, Exhaust Fan, Circulating Fan, Dry Heat, Sway and Light Unit. Patented Heat Breeze Technology heats the room while offering low level extraction to help reduce condensation build up in the bathroom. This premium line model features a single AC Motor, producing a 2150W output of powerful heat breeze, high volume extraction at 500m<sup>3</sup>/h, circulating fan to reduce warm temperature build up, and a 25W LED Tri-Colour switchable light.

Mode colour indicator offers the consumer an attractive visual coloured indication to which mode is in operation. Digital temperature is displayed discreetly for viewing ambient temperature in the unit while in use. Complete with V1.5 Digital Wall Controller, allowing easy switching from all modes, and an ALL-OFF button for exiting. AUX Button on Controller allows for auxiliary light/s or exhaust fan to be switched on the controller. Featuring two PTC Heat Settings on the same button switch (Press once for HIGH Heat, Press twice for LOW heat).

Domus PTC Bathroom Heaters feature an advanced safety feature where the unit will automatically shut off after two hours in case it is left on accidentally. If the unit runs for two hours continuously, a safety function will automatically turn it off. This setting can be overridden and reset by pressing any switch on the controller within this two-hour period.

Ideal for new installations with a slimline 615x315mm fascia frame, and a 595x280mm cutout. Accessories include V1.5 Digital Controller Wall Control, 3M Flexible Duct, and Exterior Grille. All Domus PTC Bathroom Heaters are backed by our 5 Year In-Home Warranty.

#### Specification Features

|                      |                                    |                 |                 |
|----------------------|------------------------------------|-----------------|-----------------|
| Input Voltage:       | 240V AC                            |                 |                 |
| Power (W):           | 2250W                              |                 |                 |
| Motor Wattage (W):   | 60W AC                             |                 |                 |
| Fan Size:            | 60W                                |                 |                 |
| Air Extraction:      | 500m <sup>3</sup> /h               |                 |                 |
| Heat Wattage:        | 2150W                              |                 |                 |
| Heat Type:           | PTC Heating Element                |                 |                 |
| Light Wattage:       | 25W LED                            |                 |                 |
| IP Rating (IP):      | IPX2                               |                 |                 |
| Decibel Rating (dB): | ≤48dB                              |                 |                 |
