Evac D40 Mini

Mini Evac Emergency Light

Description

The EVAC D40 MINI Recessed Emergency Light features LED technology providing an energy efficient light source with high output, which is ideal for a range of emergency lighting applications. Featuring a polarity reversal protection switch mode for the battery, making it ideal for jobs which have not been completed yet which require the power to be turned off from the mains. Available in White and Black colour options. Ideal for recessed applications where a smaller and unobtrusive appearance is desired. Commonly used in Suspended and Surface Mounted LED Profiles, transforming them into emergency options. Suitable for commercial and interior areas such as apartments, shopping centres, hospitality etc.
