Scoop-25-Trio

Adjustable LED Downlight

Description

The SCOOP-25 is the second in the line-up of single point COB adjustable LED down lights. Features include satin white or black finished frame and glass diffuser. Light is provided from a single point COB high performing LED with a perfectly matched 60° optical reflector. The reflector behaves in much the same way as a standard metal halide fixture does with the favourable scallop styled illumination and directed point source. Added benefits of up to 45° tilt function and fully mains dimmable LED driver makes this a perfect alternative to metal halide and CFL style down lights.
