

Aluminium Post

60mm & 76mm

Description

Manufactured and powder coated in Australia, these aluminium lighting posts are available in 60mm and 76mm diameters, with a choice of 1m, 1.5m, 2m and 2.5m (60mm only) heights. Colour options include Black, Beige, Silver, Green and White. The 60mm posts are commonly used with compatible sphere lights and traditional exterior light fittings, while the 76mm posts are commonly paired with compatible bollard heads, including three-tier designs. An optional BB-100 mounting base is also available, suitable for use with 60mm (internal) and 76mm (external) posts.
